—Oscar Holland of Fredericktown was in the Hill Friday and Saturday.

—Bohnsack has the finest stock of heating stoves ever seen in the county.

—The "hop" at the Masonic Hall Friday night was pronounced a success.

—When no length of time is specified pay locals will remain in unit ordered out.

—Oliver Farrar of Marquand was in Marble Hill visiting friends last week, returning home Sunday.

—Miss Clara Snyder of Glen Allen was visiting Miss Belle Bollinger of this place Friday and Saturday.

That anger may not mar your brow
Or duties badly done,
Just start right in and practice now
On writing "91."

—E. B. Mayfield and wife of Grubville were in Marble Hill this week visiting Mrs. Mayfield's parents.

—There are better things in this world than money, but it takes money to buy them.—Indianapolis Journal.

—Mrs. Sarah Harris of Fredericktown visited her daughter, Mrs. W. P. McCans, a few days of last week.

—Willie, son of Mr. Enoch Robertson of near town, died Tuesday of this week, and was buried Wednesday.

—T. M. Jones, Lutesville, keeps constantly on hand all kinds of sausage and is never without fresh pork and beef.

—The Supper was all that was expected at Hahn's Chapel Christmas night, and we understand the proceeds were something near \$50.

—When sending stamps for subscription be sure to so arrange them that they will not stick and mass together unless you desire them returned.

—A. & E. Miller can give you a warm lunch at any hour and at any price: You should not stand on the street—hands in your pockets and nothing to eat.

—Married, at the residence of the Brides father, on the 25th of Dec. 1890, by Judge John A. Miller Mr. A. L. Baker to Miss Dora Barr, all of Liberty township.

—Miss Emma Black of Bismarck was visiting Miss Dora Axa a few days last week. Miss Emma returned home Saturday accompanied by Miss Dora.

—Two masked men forced an aged farmer of Hinnibal, Mo., to hand over a roll of cash which amounted to \$4,600 by holding a loaded revolver on comfortably near the old gentleman's cranium.

—A through freight was de-railed near Bessville Sunday causing the South bound passenger to be a couple of hours late Sunday evening. We understand there were eleven cars ditched with considerable damage to the railroad company.

—Considerable excitement was caused the first of this week by the arrest of Sanford Francis, on a charge of being the principal in the killing of Jacob May, on Nov. 19, 1890, and George Crites (of Fanny), George Smith, Joseph Verdin and David B. Upshaw, charged with being accessories in the crime. Their preliminary examination is set for the 5th of this month. The Press will probably have more to say on this subject next week.

—G. L. Harris, Chris McCans and Robert Harris arrived in Marble Hill Wednesday.

—See the combination offer of the Press and the Cosmopolitan magazine in another column.

—The next legislature of Kansas will have 115 farmers and but three lonesome lawyers.

—Signor Succ, the Italian faster, who began a fast of 45 days on November 5, ended his fast Dec. 20.

—Muffle the children up well when they start to school. The wise man pays his doctor bills at the clothing store.

—Poplar Bluff, Charleston Sikeston, Bonne Terre and Cape Girardeau have recently been visited by large fires.

—A man who plants an apple tree may not know that more than 250 species of fungi are lying in wait to destroy the fruit.

—If you find a pencil cross on your paper you may know that your time is about out, and that, without instructions to the contrary, your paper will be discontinued when the time paid for shall have expired.

—Mr. Rockwell, a merchant of Lutesville, this county, is a few hundred dollars loser. In the early part of this week his entire stock of goods and the building in which it was kept, was destroyed by fire. There was some insurance.

—Hagey's King Heater is the best stove made. It gives double the heat of other stoves and consumes only half the amount of fuel than other stoves do. Keeps fire from day-to-day. You can only get them of August Bohnsack.

—An Iowa woman has named her twin daughters Gasoline and Kerosene.—Exchange. The old man's name is probably Peter Roleum.—Boston Bulletin. The man who marries into that family will strike oil.—Cape Cod Item. We hope the babies will grow up to be a paraffine girls.—Boston Herald. This is positively the very worst that has benzine.

—Not one farmer in twenty, says the Rural World, has enough potatoes on hand to carry him through the season and from this time forward they will have to pay high prices for all they buy. He who fails every year to provide for the wants of his own family pursues a short-sighted policy and needs a little new enterprise infused into him.

—A gentleman living at Grandin has advanced a new theory as to the shape of the earth, and has published a book or pamphlet in which he explains his idea of the globe on which we live. Gilbert Johnson is the gentleman's name. The theory of Mr. Johnson is that the earth is flat like a dollar and that it does not move.—Citizen.

—We find the following going the rounds of the press: When an animal is choked, put a handful of gunpowder on the roots of its tongue and hold its jaws together, if possible for half an hour. The gunpowder relaxes the muscles and permits the obstructing substance to go either down or up. It is dangerous to poke the obstruction down the animal's throat.

—Marriage license for December.—Geo. Campbell to Mary E. Cole; William Wallace to Martha A. Zalman; Elsie J. Kinder to Christina Schever; James W. Pitter to Mary J. Steady; Estell E. Arthur to Sarah E. Miller; David L. Shell to Mary E. Day; Henry L. Fikuart to Sarah C. Statler; Oscar Brown to Sarah D. Bord; Abraham L. Baber to Dora Bass; Preston Scott to Minta Revelle; J. Martin Erstau to M. E. Brown.

—On the night of December 23rd, 1890, fire broke out in the Era printing office at Cave Girardeau and before the sun was above the horizon on the next morning twenty-five thousand dollars' worth of property had went up in smoke. Hobbs & Son were heaviest losers; they having lost their large double store. Both the building in which Hobbs & Son had their store and the one occupied by the printing-office were a total loss. Most of the printing material was saved. Two dwelling houses were also burned.

—Later: The first of this week the depot at the same place was burned.

—We are offering 80 acres of land (the southeast quarter of the southeast quarter and the southeast quarter of the south-west quarter of section 27, township 30, range 8) for almost the price you name and on long time. The title is good. Give us a call and see what we will do.

—A single page in an issue of the Century, taken for advertising purposes, costs \$500; in Harper's from \$400 down to \$100. A yearly advertisement in one column of the New York Herald costs \$30,300 for the lowest and \$130,000 for the highest priced column. The figures will doubtless be of interest to men who invest \$2 or \$3 per month and flatter themselves with the idea that they are extensive and liberal advertisers.—Ex.

—Vice President Morton and a large number of Senators have been victimized by a confidence man, who announced to them that he had just named his first born after them, and that he had also broken his leg and asked that they take a few tickets for his benefit. Senator Manderson found that the man was a thief and exposed him, but not before many public men had sent the bogus baby bank bills, silver mugs, etc.—Ex.

—The man who is supposed to be a "brick" seldom helps to build any houses.—Ex.
